

## The Company Quality Policy

### Company Quality Policy Statement

**We meet the needs of our  
customers.  
Our products are correct and  
delivered on time.**

We recognise that meeting the needs of our customers is the only way to maintain our profitability and continued success. We also recognise that it can only be achieved by the involvement of everyone working together.

#### We will achieve this goal by:

- 1 Complying with customer and quality system requirements, including those imposed by any applicable regulatory authority
- 2 Continually reviewing the quality system for any ways that we can improve its effectiveness
- 3 Establishing and reviewing Quality Objectives at the Management Review. The results and actions relating the Quality Objectives are regularly published on the notice-boards
- 4 Publishing the Quality Policy statement on the notice-boards and giving an annual briefing to all employees, informing them of any changes to the Quality System
- 5 Reviewing this policy for continuing suitability at the Management Review

The Quality System was last reviewed in March 2018
